

I beg of you DO NOTHING to weaken Indiana's Telephone Privacy law. I appauld our attorney general for getting this action in place. I no longer feel VIOLATED by unwanted calls AT ALL TIMES of the day and night. Although I'm not a senior citizen---The elderly surely have benefited the most and are no longer vulnerable to SCAMS. AGAIN, DO NOTHING TO LESSEN THE EFFECT OF our state's Telephone Privacy law. Friends and family living outside our state are extremely envious of our law.
